

Comera Life Sciences to Present at 22nd Annual PepTalk Conference

January 12, 2023

WOBURN, Mass., Jan. 12, 2023 (GLOBE NEWSWIRE) -- [Comera Life Sciences Holdings, Inc.](#) (Nasdaq: [CMRA](#)) ("Company" or "Comera"), a life sciences company developing a new generation of bio-innovative biologic medicines to improve patient access, safety and convenience, today announced it will present at the 22nd Annual PepTalk Conference, in San Diego on Wednesday, Jan. 18, 2023 at 5:15 p.m. PT. The conference will run from Monday, Jan. 16 through Friday, Jan. 20.

Subhashchandra Naik, Ph.D., Senior Research Scientist at Comera, will share data on viscosity reduction and stabilization using Comera's leading SQore™ platform technology excipients, which enable development of highly concentrated monoclonal antibody (mAb) formulations for subcutaneous administration. The presentation is titled "Biophysical characterization of excipient combinations for mAb formulation development."

Robert Mahoney, Ph.D., Chief Scientific Officer at Comera, commented, "Comera's SQore platform has more than 200 excipient compounds that have been developed with high precision science and engineering. This robust platform is being used to enable monoclonal antibodies across major therapeutic indications to be delivered subcutaneously, with the goal of providing patients the freedom of self-injectable care."

About Comera Life Sciences

Leading a compassionate new era in medicine, Comera Life Sciences is applying a deep knowledge of formulation science and technology to transform essential biologic medicines from intravenous (IV) to subcutaneous (SQ) forms. The goal of this approach is to provide patients with the freedom of self-injectable care, reduce institutional dependency and to put patients at the center of their treatment regimen.

Forward-Looking Statements

This press release includes "forward-looking statements" within the meaning of the federal securities laws. These forward-looking statements generally are identified by the words "believe," "project," "expect," "anticipate," "estimate," "intend," "strategy," "future," "opportunity," "plan," "may," "should," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Forward-looking statements are predictions, projections and other statements about future events like the anticipated use of proceeds from the private placement that are based on current expectations and assumptions and, as a result, are subject to risks and uncertainties. Many factors could cause actual future events to differ materially from the forward-looking statements in this press release, including, but not limited to: risks that the recently completed business combination disrupts the Company's current plans and ability to retain its employees; the Company's ability to maintain the listing of its securities on the Nasdaq Capital Market; the effect of the COVID-19 pandemic on the Company's business; the price of the Company's securities may be volatile due to a variety of factors, including changes in the competitive and highly regulated industries in which the Company plans to operate, variations in performance across competitors, changes in laws and regulations affecting the Company's business and changes in the capital structure; the ability to implement business plans, forecasts, and other expectations and identify and realize additional opportunities; the risk of downturns and the possibility of rapid change in the highly competitive industry in which the Company operates; the risk that the Company and its current and future collaborators are unable to successfully develop and commercialize the Company's products or services, or experience significant delays in doing so; the risk that we will be unable to continue to attract and retain third-party collaborators, including collaboration partners and licensors; the risk that the Company may never achieve or sustain profitability; the risk that the Company will need to raise additional capital to execute its business plan, which may not be available on acceptable terms or at all; the risk that the Company experiences difficulties in managing its growth and expanding operations; the risk that third-party suppliers and manufacturers are not able to fully and timely meet their obligations; the risk that the Company is unable to secure or protect its intellectual property; the risk that the Company is unable to secure regulatory approval for its product candidates; general economic conditions; and other risks and uncertainties indicated in the Quarterly Report on Form 10-Q filed with the SEC on November 14, 2022 under "Risk Factors" and in other filings that have been made or will be made with the SEC. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties described in the "Risk Factors" section of Comera's Quarterly Report on Form 10-Q filed with the SEC on November 14, 2022, and other documents filed by Comera from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date they are made. Readers are cautioned not to put undue reliance on forward-looking statements, and Comera assumes no obligation and does not intend to update or revise these forward-looking statements, whether as a result of new information, future events, or otherwise. Comera can give no assurance that it will achieve its expectations.
